Re: GN Docket 11-65

Dear Chairman Genachowski,

As mayor of the Town of Cullen, a small town located in North Louisiana, I am always looking for opportunities to make our area more attractive to businesses that may be looking to relocate. One way to do this is to ensure that the Town of Cullen can compete with larger towns and cities. That is why I am writing in support of the AT&T and T-Mobile merger.

This merger will mean great things for the rural areas of North Louisiana. More than 98 percent of Louisiana's population will have access to high speed mobile broadband following the merger. This means that businesses and residents of Cullen, Louisiana will be able to have access to the same technology as businesses and residents in larger cities.

I encourage you to support this merger so that my constituents can access the benefits of this improved mobile broadband coverage.

Sincerely,

Bobby Washington

Mayor Bobby Washington
Cullen, Louisiana
